[Rising Antivirus 2009 Free Edition 21.22.30](#)

The screenshot displays the Rising Internet Security application window. The title bar reads "Rising Internet Security" with standard window controls. The menu bar includes "Home", "Scan", "Defense", "NetControl", "Tools", and "Audit". The "Home" tab is active, showing a "My Rising" section with statistics: Action Log, Virus Definitions (21.14.40.00), 0 Removed Viruses, 16 Controlled Applications, and 0 Blocked Net Attacks. A "Note" section contains a "License" link. The "Rising Status" section shows a Security Level of "Medium" and Net Monitor "Enable". The "Network Status" section indicates "Net Access: So far no blocked network access attempts." and "Now Active:" with a row of application icons. Below this are three network activity graphs for "In", "Out", and "Total" traffic, each with a "256K/s" scale. A "Switch to Info Center" link is at the bottom right of the network status area. The bottom toolbar features icons for "Audit", "Quick Scan", and "Update". A watermark for "TELECHARGER 360.com" is visible in the bottom right corner, with the text "Latest version already installed." below it.
